

8 x 25 mm Single Hand Focus Monocular  
BA-825 Bandit  
Grip the unit

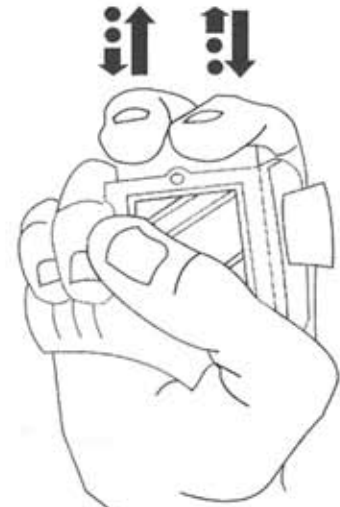

1. Gently cradle the bottom portion between your thumb and first (index) finger.
2. Position your last and 2nd finger on top of each side of the focus panel: your 3rd and 4th finger may rest comfortably on top of the lens barrel. Your thumb will rest gently on the side panel as per drawing:

**STEP - 1**

**STEP - 2**

**STEP - 3**

Focusing

1. Depress the focus panel with your 1st and 2nd finger gently and alternately until you master the control of the focusing motion.
2. Bring the eyepiece of this monocular close to one of your eyes and depress focus panel with your 1st and 2nd finger slowly and alternatively until you obtain the sharp image.

NOTE: You may wish to depress the focus panel using the tip of your finger or under your knuckle depending on the size of your hand

**Caution!**

**Viewing the sun can cause permanent eye damage.  
Do not view the sun with this monocular or even with the naked eye.**
